About Us

AJ LEARN SKILL TRAINING ACADEMY is a premier computer and vocational training institute dedicated to empowering students with modern technical skills and practical knowledge. Established with a vision to bridge the gap between education and employability, AJ LEARN offers a wide range of professional diploma and certification programs designed to prepare learners for the digital era.

We are a Registered Autonomous Body under the Government of West Bengal, based on the Central Government's Trust Registration Act, 1962, Government of India.

Our institute is also Registered under the Trade Mark Registry Act, 1999 (Government of India) and is an IAF, ISO 9001:2015 Certified Autonomous Organization committed to maintaining high standards in quality education and management systems.

Additionally, AJ LEARN Skill Training Academy is Registered under the NITI Aayog, Government of India, NGO Darpan, Govt. of India and Registered under MSME, Government of India. These recognitions reflect our dedication to providing authentic, job-oriented, and industry-relevant training to our students.

At AJ LEARN SKILL TRAINING ACADEMY, we offer a wide spectrum of career-focused courses including Diploma in Computer Application (DCA), Tally with GST, Graphic Designing, Web Designing, Digital Marketing, and Programming etc. Each course is carefully structured to provide in-depth knowledge and hands-on practical training.

We believe in learning by doing — hence, every student at AJ LEARN SKILL TRAINING ACADEMY receives the opportunity for internship and placement assistance after successful completion of their course. Our mission is to transform students into skilled professionals ready to meet the challenges of the modern workplace.

With a team of experienced trainers, updated syllabus, and a focus on real-world application, AJ LEARN SKILL TRAINING ACADEMY stands as a symbol of excellence, innovation, and commitment in the field of computer and skill development education.

OUR MISSION & VISION

Sukhen Mondal

HR Executive

1.

OUR MISSION

1. To provide job-oriented and skill-based education that helps students become self-reliant and employable in both government and private sectors.
2. To promote digital literacy and technical awareness among students, youth, and professionals across all communities.
3. To ensure quality education through expert faculty, modern infrastructure, and practical learning methods.
4. To build partnerships with industries and organizations for internship, training, and placement opportunities.
5. To support national skill development initiatives and contribute to the vision of "Skilled India – Empowered India."
6. To develop confidence, creativity, and professionalism among learners through continuous guidance and mentoring.

2.

OUR VISION

1. To create a digitally skilled and self-reliant generation capable of contributing effectively to India's growth and global competitiveness.
2. To be recognized as a trusted and respected institution for providing high-quality, practical, and industry-relevant education.
3. To inspire innovation, creativity, and entrepreneurship through continuous learning and technological advancement.
4. To foster partnerships with government, industries, and organizations to strengthen the bridge between education and employment.
5. To promote lifelong learning by providing opportunities for upskilling and professional growth.

Why Choose us ?

Government Registered & ISO Certified

AJ LEARN SKILL TRAINING ACADEMY is a Registered Autonomous Body under the Government of West Bengal, based on the Central Government Trust Registration Act, 1962. We are also ISO 9001:2015 Certified, Trademark Registered (Govt. of India), and recognized by the NITI Aayog, NGO Darpan and MSME (Govt. of India) — ensuring complete authenticity and quality assurance.

Job-Oriented & Industry-Focused Courses

Our courses such as DCA, Tally with GST, Graphic Designing, Web Designing, Digital Marketing, and Programming are designed according to the latest industry trends and employer requirements.

We focus on practical training rather than just theory.

Experienced & Qualified Faculty

AJ LEARN SKILL TRAINING ACADEMY has a team of experienced trainers and industry professionals who guide students with personalized attention and real-world insights.

100% Practical Training

All our programs emphasize hands-on practice, lab sessions, live projects, and real-time applications to make learning more effective and career-oriented.

Internship & Placement Assistance
5. Internship & Placement Assistance

After successful course completion, every student receives internship opportunities and placement support through our network of partner companies and organizations.

Globally Recognized Certification

Our ISO-certified certificates enhance students' professional value and are recognized by both private and government sectors, helping them secure better jobs and career advancement.

Flexible Batch Timings

We offer morning, afternoon, and evening batches, allowing students and working professionals to learn at their convenience.

Online + Offline Learning Options

Students can choose between classroom training or online learning with live lectures, study materials, and recorded sessions — perfect for all learning needs.

Student Support & Career Guidance

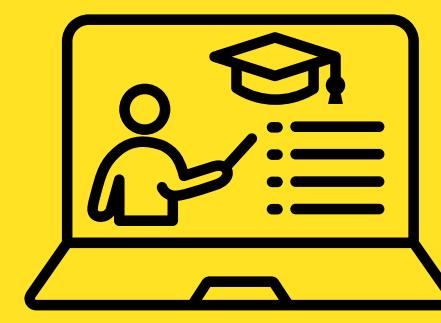

We provide career counseling, soft-skill training, and personality development programs to prepare students for interviews and workplace success.

Commitment to Excellence

At AJ LEARN SKILL TRAINING ACADEMY, our mission is simple — to empower every learner with digital skills, confidence, and creativity to thrive in the modern world.
